Overdrafts - choosing the right way to borrow

An arranged overdraft can help out when you need to borrow in the short term. For example to pay an unexpected bill. But if you use it often and don't reduce your balance, it can turn into an expensive way to borrow. Our cost calculator, which you can find online at lloydsbank.com/overdrafts, tells you how much an arranged overdraft costs. You should consider if an arranged overdraft facility is the most suitable option for you to borrow money. If you need to borrow money for a longer time, there may be other options better suited to your needs. For more information visit lloydsbank.com/borrow or call us to talk through your options.

Check if your account is still right for you

Your banking needs can change over time so it's important to check your account is still right for you by visiting lloydsbank.com/currentaccounts to see our latest current accounts.

Our interest rates

If we pay interest on your balance, your current interest rate is shown on the front of this statement. To find out what the interest rates are on our other accounts, visit lloydsbank.com/current-accounts/rates. Alternatively ask us in branch.

About the fees we charge if you use your card abroad

Personal Debit and Cashpoint® Card Charges - If you use your card to withdraw cash or make a payment in a currency other than pounds, the amount is converted to pounds on the day it is processed by Visa using the Visa Payment Scheme exchange rate on the day. You can find the exchange rate by calling **0345 300 0000 (+44 1733 347 007 from overseas)**. If your account is held in the Channel Islands or Isle of Man, call **0345 744 9900 (+44 1539 736626 from overseas)**. If you call before the transaction is processed the rate provided will be an indication only.

We will charge you a foreign currency transaction fee of 2.99% of the value of the transaction. This is a fee for the currency conversion. You can find more information on our website about the exchange rates that apply to your transaction to help you compare them with other card issuers' rates.

If you use your debit card or your Cashpoint® card to withdraw cash in a currency other than pounds (at a cash machine or over the counter) we will also charge a foreign currency cash fee of £1.50. Where you elect to allow the cash machine operator/financial service provider to make the conversion to pounds we will only charge a foreign cash fee of £1.50. The provider of the foreign currency may make a separate charge for conversion. We won't charge a foreign currency cash fee or a foreign cash fee if you withdraw euro within the EEA or UK.

Where you use your debit card to make a purchase or other transaction (not cash withdrawal) in a currency other than pounds, whether in person, or by internet or phone, we will also charge a £0.50 foreign currency purchase fee. The foreign currency purchase fee does not apply to the Premier and Platinum debit cards; and will not be charged if your payment is made in euro within the EEA or UK.

We will not make a charge for the withdrawal of cash in pounds within the UK, however, the owner of a non-Lloyds Bank cash machine may. Other charges apply, please see the banking charges guide for details.

With Travel Smart you can use your debit card abroad as often as you like with no debit card fees for £7 a week. Add it to your account before you travel and it'll start on the date you tell us.
